On **Wednesday, July 7, 2021**, the City of Vaughan and the City's lead consultant, Macaulay Shiomi Howson Ltd., will host the second Public Open House for the Promenade Centre Secondary Plan Study and supporting Comprehensive Transportation Study (CTS). The Promenade Centre Study Area is generally bounded by Centre Street to the north, Bathurst Street to the east, Clark Avenue West to the south and New Westminster Drive to the west, and includes the Promenade Mall and surrounding area (see map).

PURPOSE OF THE STUDY:

The City of Vaughan is undertaking a Secondary Plan for the Promenade Centre as required by the Vaughan Official Plan 2010. The Secondary Plan and supporting CTS will establish the policy framework, resulting land use plan and transportation multi-modal network to guide the future development of Promenade Centre. The Plan will provide for the development of a residential mixed-use and transit-supportive, complete community.

PURPOSE OF THE MEETING:

The Public Open House will provide those in attendance with an update regarding the Promenade Centre Secondary Plan Study and supporting CTS. The Public Open House will include a presentation of the draft preferred land use plan and transportation network, an explanation of the next steps in the Study process, and a question and answer period. The input received will be taken into consideration as part of the next phase of the Study process.

A comment period will follow the Public Open House between July 7th and July 19th to provide further opportunity for comment on the Study and ongoing work prepared to-date. All presentation materials and a comment form will be made available on the project webpage: www.vaughan.ca/promenadecentre
