

## **NOTICE OF STUDY COMMENCEMENT**

### **ENVIRONMENTAL ASSESSMENT (EA) STUDY FOR TESTON ROAD, FROM 250 METRES WEST OF PINE VALLEY DRIVE TO KLEINBURG SUMMIT WAY**

#### **THE STUDY AND PROCESS**

The City of Vaughan has initiated the Environmental Assessment (EA) study for the area of Teston Road from 250 metres west of Pine Valley Drive to Kleinburg Summit Way. The study will address transportation needs for those who live in the area and travel through it, including safety and operational improvements for all modes of transportation, like motor vehicles, public transportation, biking and walking.

The Teston Road EA study will assess alternative improvements with consideration of impacts to transportation service and the natural, socio-economic and cultural environments. The study will be completed in accordance with the planning and design process for Schedule 'B' projects, as outlined in the Municipal Engineers Association (MEA) Municipal Class EA guidelines (October 2000, as amended in 2007, 2011 and 2015).

Upon study completion, a project file report will be made available for public review and comment at [vaughan.ca/TestonRoad](http://vaughan.ca/TestonRoad). The report will document the study, consultation process and decision-making rationale.

#### **CONSULTATION**

Public consultation is a vital part of the city-building process. The City of Vaughan is committed to engaging with citizens and stakeholders in a meaningful and transparent way on issues and matters that impact them. The City welcomes the input of citizens and invites them to get involved in planning the improvements for the Teston Road EA.

A virtual Public Information Centre will be held to both inform and seek community input on the study. A notice will be provided in the newspaper and on the study website. Check back often to receive updates on the date, time and location. The study website will be updated as the study progresses with materials available for download following the public meeting and at any other point of contact with the public.

Join the conversation. Visit [vaughan.ca/TestonRoad](http://vaughan.ca/TestonRoad) for study updates and opportunities to get involved in the developments of this project.
